SPECIALIST MOTORCYCLE LUBRICANTS

**MOTOTEC oils are meticulously engineered and rigorously tested to meet and exceed the most demanding performance requirements.** These advanced lubricants are formulated to enhance engine power, efficiency and rideability, ensuring consistent and dependable performance across a wide range of applications.

Suitable for everyday use, competitive racing or off road environments, MOTOTEC engine oils deliver optimal results in all conditions. Engine cleanliness is maximised through advanced deposit control, significantly reducing piston ring build up and supporting long term performance.

Each product is developed using proven additive systems and is specifically designed for high performance engines that require reliability under pressure.

**Available pack sizes:**  
1L, 4L, 20L, 60L & 205L

## CASTOR OILS

RacePro Castor 2-Stroke Oil is a high-performance synthetic ester and castor based racing two stroke engine oil, designed to ensure the outstanding lubricity properties of castor oil, clean-burning modern synthetic esters and superior additive technology.

Our traditional Classic Castor 2-Stroke Oil is ideal for vintage, classic and grass-track motorcycles and scooters. It maintains an exceptionally strong lubrication film, delivers outstanding lubricity and provides a superior load-carrying capacity.

## 2 STROKE OILS

Formulated for high-revving engines, MOTOTEC 2-Stroke Oils deliver superior lubrication, reduce wear, and support cleaner combustion with minimal exhaust smoke. Ideal for both racing and everyday use, they ensure smooth throttle response and long-lasting engine protection.

## 4 STROKE OILS

Designed for performance and reliability, MOTOTEC 4-Stroke Engine Oils provide advanced lubrication, reduce wear, and optimise engine efficiency. Ideal for racing, off-road, or everyday use, they deliver smooth operation and extended engine life.

## Fork & Suspension Oils

MOTOTEC Suspension Oils are engineered to optimise front-end performance across varied terrains. Developed to reduce friction and enhance damping, they offer precise, responsive handling for both road and off-road use. Suitable for all motorcycle types, these high-performance fork oils help protect suspension components and ensure consistent, long-lasting operation.

## Gear & Transmission Oils

MOTOTEC Motorcycle Transmission Oils are specifically formulated to meet the demands of modern motorcycle gear systems. Delivering smooth gear transitions, superior wear protection, and thermal stability under extreme conditions, these oils ensure consistent performance across all riding environments. Designed to extend transmission life and maintain operational efficiency, they are the ideal choice for both performance and reliability.

## Motorcycle Chain Lubricants

MOTOTEC Chain Lubricants are designed to deliver superior lubrication and long-lasting protection for motorcycle chains. Engineered to reduce friction, wear, and corrosion, they support efficient power transfer and smooth operation across all riding conditions. Suitable for road, off-road, and performance applications, these high-performance lubricants help extend chain life and maintain optimal drivetrain function.

## Aztec Oils on hand to support you

Aztec Oils are proud to offer premium levels of assistance to all our customers. We have a dedicated Technical Support team on hand to offer guidance on the correct use of our products.

Our expert team in our on-site laboratory continually test the quality and compliance of all our lubricants so our customers know that Aztec Oils is a brand they can trust.
